The Hive *buzzed through the summer*

This summer was packed with summer learning opportunities for teens. We wrote poetry, 3D printed a rocket ship, told stories under the stars, expanded our vocabulary, and so much more.

While out of class for the summer, children can lose months of math and reading skills. Students that experience this "summer slide" fall further and further behind in school. This is why the library partnered with Indian Trail Junior High to offer a new summer series called "Kickstart."

These programs are designed to get students entering grades 6-8 ready for their next year of school.

In Kickstart: Science students were given a weekly STEM challenge, pushing them to think creatively and use the scientific process. From designing their own constellations with fiber optics to fueling rockets with air pressure, the students had a blast.

Kickstart: Writing was similarly hands-on, pushing students to develop their creative writing skills through crafts and games. The group wrote poetry inspired by paint colors, flipped fairytales, built characters from magazine cutouts, and learned that there is a writer inside us all.

We partnered with the DuPage County Health Department to provide expertise for Kickstart: Health and with NEDFYS (Northeast DuPage Family and Youth Service) for Kickstart: Social. These programs highlighted healthy and positive choices. ***The school and the library know that emotional and physical health are essential to student's academic performance.***

Students are ready to learn when they feel energized, safe, and confident. We want every student to have the skills they need to make good choices. One student told us that after participating in the program, "If I'm being pressured, I could respond in a better way."

To recognize the work each student put in this summer, Indian Trail will offer credit in the form of "Project Pride Dollars" which can be traded in for prizes and field trips. Still, for the students that participated the true reward will be walking into their next year of school confident and prepared.

SEPTEMBER IS NATIONAL LIBRARY CARD SIGN-UP MONTH

Calling all D4 teachers!

The Library and School District 4 agree that each teacher should be able to check out materials for use in the classroom. Any D4 teacher can come to the Library and get a card for the school year with your school I.D. Call and request our help in pulling materials for your class or put them on hold online – they'll be ready to go when you come to the Library! Teachers aren't charged overdue fines and aren't held responsible personally if a child loses or damages an item. This deal can't be beat!

During the month of September, both new and existing cardholders will receive discounts at participating local businesses simply by showing their library card!

In late August, look for flyers with a list of participating vendors at the Guest Services Desk. We'll also have the information posted on the Library's website and eNewsletter. Sign up for the eNewsletter on our website at ***addisonlibrary.org***.

Lost Card?

If you have lost your library card, please let staff at Guest Services know as soon as possible and they will be happy to issue you a new card for a $2.00 fee. ***Stop by the desk next time you're in or call them at 630.543.3617.***

Need to Renew?

If it's time to renew your library card, just stop by the Guest Services Desk near the front door with proof of your name and current address. Outstanding fees for overdue materials, lost items, etc. must be paid before the card is renewed.

5 Awesome Things You Can Do with a Library Card:

1. Become the next YouTube sensation using the recording and sound equipment in our Sound Studio. (Remember us when you're famous!)

2. Teach your puppy how to "Sit, Stay, Rollover!" with our dog training books.

3. Reserve a study room in advance to study for your upcoming interview!

4. Learn how to communicate with your baby in sign language using one of our eBooks.

5. Winter is coming. Check out the Game of Thrones series in preparation.

Don't forget to bring your library card in September!

We will be holding surprise raffles at some of our programs throughout September.

Show your library card at these programs and you'll be entered into a drawing. Winners will be announced at the end of the program!

Perks & Possibilities Café

The staff are always happy to see you at our café! Not only does each purchase add to the job training of the District 88's Transitions Program students, but prices are reasonable and you can peruse the latest newspaper while sipping your cappuccino.

Perks & Possibilities Café is open Monday through Thursday when school is in session from 9:00-11:30. Their hours are subject to change with the school district's schedule.
