Spring is right around the corner!

Here are 5 of our favorite ways to “spring” into good health:

1. Start carrying a water bottle with you. Not only will it keep you hydrated but it fights off thirst you may think is hunger!

We have plenty of water fountains around the building so you'll never run out.

2. Try an exercise that you can actually enjoy! We've got a few favorites that happen at the library for free!

Kidfit
Yoga and Yoga for Adults
Zumba
Meditation

3. Challenge your brain once a week by reading a new book or doing a puzzle. Good news is there are plenty of both in our building!

4. Let your inner creative genius go wild in our Creative Studio. We have a 3D printer, vinyl cutter, sewing machine, and more! Schedule an appointment with Jack Bower by calling 630.458.3354.

5. Check in with your family and friends. Keeping in touch with the ones you love can improve your mood and health- fast! If you need a little extra help checking in with your teen, stop by our program:
